*DAN Europe  
is an international  
network of divers  
and experts working  
together towards  
a common  
goal, making  
diving safer.*

### **DAN EUROPE**

we're an international non-profit medical and research organisation founded in 1983, dedicated to the health and safety of the global dive community. We've come a long way since then, and what started out as a group of passionate divers exploring the seas and developing underwater safety has grown into an affiliate diving community trusted by over 400,000 members worldwide. Our mission is simple, we help divers and their families by providing emergency medical assistance, promoting dive safety and conducting vital research. We also offer education, products and services to beginners, experts and all kinds of explorers in between. Our network protects what good divers value most, the ability to explore hidden worlds in safety. Above all, we're a family of divers assisting one another every step of the way.

**MEMBERSHIP SERVICES**

DAN members and their families can get access to a variety of services and can benefit from all-round dive support.

As a DAN diver, if you were to become ill or injured you'd want to know that the best help in the world is available to you.

We are a network that educates as well as protects. All our members gain access to our professional information, emergency care and medical assistance, and in turn help us by supporting our projects and safety services.

**INSURANCE**

5 Important facts about DAN insurance plans.

**1 24/7, Multilingual Diving Emergency Hotline**

**WHY IS IT SO SPECIAL?**

It's a hotline fully dedicated to divers, managed by DAN's medical network, handling over 5,500 emergency calls per year and offering timely assistance in case the unexpected happens.

**2 Limitless Payment of Emergency Medical Transportation**

**WHY DO I NEED THIS?**

Sending out a helicopter or speedboat to assist a diver in the middle of nowhere can bear considerable costs. DAN's reliable service providers make the process quicker and more effective.

**3 Payment of Emergency Medical Treatment, Hyperbaric Therapy and Hospitalisation**

**WHY IS IT SO IMPORTANT?**

Treatment of dive injuries can be very expensive, especially abroad and when specialised care and hyperbaric therapy are required. Reliable insurance coverage is essential.

**4 Travel Health Insurance While Abroad**

**WHAT DOES IT COVER?**

Divers are travellers, which is why we cover costs deriving from non-diving related injuries and diseases, so that you can enjoy your diving holiday with total peace of mind.

**5 Professional Third-Party Liability Insurance**

**HOW MUCH IS COVERED?**

Diving professionals are offered a € 4,000,000 cover for third-party liability. This specific insurance is made for professionals in need of comprehensive protection against another party's claims, including legal defence.
